# VDO Autodiagnos Check

## Mai 2020 - Software version 01.13

VDO are pleased to announce the release of the latest software for your VDO Autodiagnos Check service tool.

We're always making changes and improvements to make your tool better for you. In this release, we adapted our schedule, fixed bugs and implemented smaller enhancements and improvements. Apart from that, Service Reset for the Volvo SPA platform is now supported.

If you have not yet updated your tool since the December release, take a look at the latest functions, coverage and other benefits your Autodiagnos Check tool can now offer you. We're sure you'll agree with us that it will be highly beneficial for your everyday workshop tasks.

For a full list of the supported makes and models, please click the application list available on [www.autodiagnos.com](http://www.autodiagnos.com).

Kind regards  
Your VDO Team
